

## Play AT IT Project

Free Remote Assessment Days for Preschool Children with Special Needs

If you are a parent, Early Years worker, a nursery, a children's centre or other professional who works with children with a disability or is supporting a preschool child with special needs and would like to explore and try play activities using adapted toys or computer solutions why not book a free remote assessment appointment.

The AbilityNet Consultant will be able to advise ways in which you can use technology to access play activities, focusing on your child's individual, physical, cognitive and sensory needs. These play activities are fun and inclusive but at the same time assisting in their learning.

AbilityNet always starts by focusing on those activities which are free and low cost and we can share ideas that won't break the bank.

Through the Play At IT and Play AT ICT Northern Ireland we can offer a wide range of equipment through our free loan bank service, which includes equipment like switch adapted toys, a range of switches to use with toys and the computer, alternative mice and keyboards and early communicators. You can loan the equipment for up to two months, all costs including postage are covered by the project and is available as a free service.

These time slots will be available for assessment on the following Dates:

**9.00am, 10.15am, 11.30am, 1.30pm, 2.45pm and 4.00pm**
